Top Products from Middlewest

MARS PC Rating Systems— Two great systems are available! MARS 500 is the ultimate nationwide rating system for rating between all points in the continental U.S. MARS 510 provides rating between all points in the U.S. and all points in Canada. Both systems allow you to rate shipments, look up ZIP Codes, print bills of lading, produce ZIP Code speed sheets, save shipment rating information, and more. Please call regarding customized versions for your distribution.

MARS On-Line— A web-based subscription service available for a low monthly fee. Rate using a single MARS 500 or 510 tariff or multiple effective dates using any MARS release date between 1995 and our latest 2010 release. MARS On-Line is the perfect solution for the occasional user and those who need multiple MARS release dates. Always up to date.

Middlewest Accu-Link System— A server-based rating engine and tariff database designed to integrate with enterprise systems operating on any computing platform. Call for details.

MWB Internet Rating System— Ideal for Internet and local Intranet applications. Can be configured with MARS or private rate scales. Support is included. Call for details.

Web Design and Hosting— Let Middlewest help get your company on the Internet. Middlewest can provide expert design from simple to elaborate, including e-mail, company information, service times and terminal information, on-line rating, software downloads, and many other options. Call for details.

Master Key— The batch processing system can be used to autorate an entire data file of shipment information. It may also be integrated into an existing system (such as a billing system) to perform the rating function for that system.

Computer Data— Custom data formats are available including special formats required by various TMS programs.

Middlewest Accu-Link System - Accu-Rate DLL - MWB Internet Rating System - Web Design and Hosting - Customized Private Rating Systems

These products can be built to your specifications and often include customized private rate scales and special features. Call (800) 545-7091, Ext. 244 to discuss your needs.

Computer Data

Specializing in custom formatted data for transportation management systems (TMS). Such data is often single origin and incorporates a carrier's discounted rates and minimum charge floors, direct and/or non-direct points plus days of service. All such requests are based on quote only due to the many possible variables.

MARS On-Line

Price varies and depends on the number of MARS tariffs and release dates needed. Call (800) 545-7091, Ext. 244 for details.

Master Key Batch Rating System

All Master Key installations are built to include the tariffs you request.
